Colossus: 90-day content calendar

Mon Oct 19, 2026 to Sat Jan 16, 2027 · 5 posts a day on TikTok and Instagram · Council verdict: GO WITH CONDITIONS (Option B)

The plan on one page

- Targets: 500+ creator applications by day 90. Apps paying the $1,500 matching fee: 10 by day 60, 25 by day 90, 50 is a stretch.
- Daily slots: 7am creator hook · 10am founder build log (raw) · 1pm app-founder post · 5pm pillar clip · 8pm reply to a comment.
- CTA: DM CREATOR or DM APP. Reply to comments in the first hour and to keyword DMs within 10 minutes.
- Outbound is the engine for apps: 35 creator DMs and 20 app DMs a day, owner named by Oct 26. Content warms the call.
- Gates: Oct 25 (20 of 100 creators say yes) · Oct 30 (300 DMs, 15 calls booked, editor test) · Nov 16 (5 app-intent DMs per 50 app posts, median above 150 views) · Dec 16 (10 apps paid) · Jan 15 (500 applications, 25 apps).
- Switch to 2 flagship posts a day plus outbound if app-intent DMs are under 5 per 50 app posts, median views stay under 150 after 150 posts, or founder hours pass 10 a week for two weeks.
- Rules: no earnings claims until a creator has been paid. Rows marked ONLY IF TRUE need real data first. No real expert's name or likeness. Disclose paid and affiliate relationships.
